DESCRIPTION

RAAF Learmonth, also known as Learmonth Airport, is a joint use Royal Australian Air Force base and civil airport.

The scope of works includes building refurbishment works including but not limited to:

- ▶ Testing for the presence of lead and asbestos.
- ▶ Repair, patching and painting of cracks.
- ▶ Internal painting of walls, ceilings, doors.
- ▶ Removal of redundant fixings.

The above is to be undertaken at four existing married quarters at RAAF Learmonth.

HIGHLIGHTS

- ▶ Project completed and handed over on time.

IMAGES (FROM TOP TO BOTTOM)

- ▶ Layout on base.
- ▶ RAAF Base Learmonth on the north-west coast of WA.
- ▶ Typical building.
